

## The Power of Order

With gratitude, I feel The Power of Order moving the intelligence of the Universe through me.

### MY SPIRITUAL JOURNEY:

**AFFIRMATIVE LIVING:** Walking our faith is different than talking our faith. Affirmative living is staying open to new ideas and new ways of doing things. When we are Master Minding and moving through this step of the process, we are trusting our vulnerability, making the ask, accepting support, then moving forward with a firm belief that our prayers are being answered. What does affirmative living look for you?

I am Great and Grateful! I use this affirmation to respond to anyone that asks me how I am doing. It is my opportunity to reset, and remind myself to walk in my faith and stay in my faith despite any situation or circumstance that I could be encountering. For me, this is Affirmative Living. Even further, my reset affirmation, puts me in the present. Living in the NOW reaffirms that this exact moment is the moment that I am living.

What is the impact to affirming through master minding? As your manifest your thoughts with a positive and healthy attitude towards living, you can see your life has value and your thoughts will create that circumstance.

*Dance in the streets. Work for your dreams. Do what you want. Smile at everyone. Laugh more. Talk to new people. Sing in the shower. Cherish your friendships. Make memories. Love to your fullest capability. Enjoy every opportunity life offers. The more time that you spend wishing about the future or regretting the past, the less you are able to enjoy the present and be in the now. Don't ask permission...guiltlessly be a little selfish with your life! You are the only one who can determine your future. ~ Mary Grace Morgese*

Story: Believe in Yourself—Script Writer: P K Mohanand  
YouTube: <https://www.youtube.com/watch?v=FaoevMkMu1M>

The moral of the story is to believe in yourself is to have a strong belief in yourself and avoid self-doubt. Friends and family members believe in us and know everything that we are capable of. They will always be on our side. When a person is feeling self-doubt, he should surround himself/herself with such people.

“Every single day is a good day no matter how bright or dark it is because it always brings an opportunity to start a positive beginning in your life.” “Smile in the mirror. Do that every morning and you'll start to see a big difference in your life.” “We don't “have” a great day, we “make it” a great day!”

### The Good Egg by Jory John

<https://www.youtube.com/watch?v=hJTo9hmdRIg>

Meet the good egg. He's a verrrrrry good egg indeed. But trying to be so good is hard when everyone else is plain ol' rotten. As the other eggs in the dozen behave badly, the good egg starts to crack from all the pressure of feeling like he has to be perfect. So, he decides enough is enough! It's time for him to make a change...

### The Sour Grape by Jory John

<https://www.youtube.com/watch?v=E7KcHOL4eL4>

The Sour Grape holds grudges for every reason under the sun. Lime never returned a scarf they borrowed? Grudge! Orange never called back? Grudge! But when a friend holds a grudge against the Sour Grape without listening to an explanation, the Sour Grape realizes how unfair grudges can be. Could a bunch of forgiveness and compassion be enough to turn a sour grape sweet?

### A Bad Seed by Jory John

<https://www.youtube.com/watch?v=k7S70jZNe-s>

This Bad Seed isn't such a bad guy. He's just hit a rough patch. In this read aloud book by author Jory John, and illustrator Pete Oswald a sunflower seed makes the choice to be better by changing his behavior from bad to good, but it will take practice before he's not such a bad seed anymore.
